

Mfr. Model # 1LF

Different-Keyed Padlock, Open Shackle Type, 1-1/2" Shackle Height, Silver

Product Details

Master Lock® commercial padlock has a dual lever-locking mechanism, anti-drill hardened bottom plate, and includes 2 keys. The hardened material provides greater resistance to cutting. Includes countersunk rivets to reduce potential for prying and dual bumpers to prevent damage to property. Proprietary rustproofing extends lock life.
