

Mfr. Model # 3KALH

Alike-Keyed Padlock, Open Shackle Type, 2" Shackle Height, Silver

Product Details

This laminated steel padlock features a dual, lever-locking shackle mechanism, antidrill hardened bottom plate, and 2 keys. The boron alloy shackle provides greater resistance to cutting. The padlock includes countersunk rivets to reduce potential for prying, and dual bumpers to prevent damage to property. Proprietary rustproofing extends lock life.
